

"I SEE MYSELF IN YOU"

Guide to 300 Singers in 100 Countries

By Rob Sanders

Email: starofmalibu@aol.com

We are establishing a New Global Anthem Song. The name of the song is *"I SEE MYSELF IN YOU"*. We are proud to announce that the curtain is up and that we have begun. Our great music voyage across the globe in 100 countries starts with the USA as the flag-ship leading the way on an American national campaign. We currently have 2 cover renditions of our song each professionally recorded and ready to go. A music group from the east coast called PLANET POP has given us an exciting recording in reggae style! And a young music group located on the west coast called SAVING FORVER has given us their fabulous and beautiful hip and very cool contemporary master recording of I SEE MYSELF IN YOU in 4 part harmony !!

Sanders & Jackie Bradley and her ATLLON RECORDS label have teamed up and are currently mounting an American national I SEE MYSELF IN YOU / FEEDING AMERICA'S CHILDREN campaign.

Jackie Bradley has a network of professionals from Congress-people to mayors of cities to famous people in the music industry coming together in support of the great USA / I SEE MYSELF IN YOU / FEEDING AMERICA'S KIDS program. Private links enabling you, dear Reader, to listen to our 2 master recordings mentioned above are available ~

In scheduled international operations, Sanders has 300 contracts for 300 top star singers who each, in their own individual countries, has over 5 million fans due because they are popular and currently on radio. Sanders offers to provide all 300 star singers in each nation a poetic language translation of I SEE MYSELF IN YOU so any given artist can cut the new global anthem song in their language. Special marketing of UP-WITH-PEOPLE new Freedom Songs plus online concerts will not only be exciting for people of all ages, they earn large amounts of revenue ~

Sanders is arranging to have 300 singers in 100 countries release I SEE MYSELF IN YOU as the 21st Century New Global Anthem Song. Recordings from all 300 super star singers to saturate radio airwaves. Internet streaming platforms enabling commercial purchasing of our music products exist. Sanders works with the record labels of the singers in each country. Obviously, star singers in all countries are proud to represent their nation. The date of the great worldwide satellite live I SEE MYSELF IN YOU simulcast for over 1 billion screens (including hand-held screens) will be proudly announced ~

WE ARE NOT POLITICAL

I am not political. I am an artist. I work with other artists. We all join communities located around the world in producing music concerts. We make music. Period.
